News Around Idaho

FOCALTELO, Oct. 11—Industrial and business leaders from throughout the Intermountain area are being invited to attend a symposium on "Management Concepts for the Space Age" to be held at Idaho State University Nov. 1 and 2. Frank W. Meyer, dean of the college of business administration, said it is the first event of this type to be offered in Idaho. This symposium will include talks on all phases of industrial engineering and management by well-known authorities in the field. Seminars on various topics will include profitability, inventory, management and work simplification, industrial engineering and its role in an industrial organization, new concepts and control of industrial engineering and profit by successful applications.

BOISE, Oct. 11—The Idaho detachment of the American Legion will be represented by five officials at meetings this month at national Legion headquarters in Indianapolis. Adm. J. M. Hays and today Max Hanson, Boise, state commander; Neil R. Pugh, Payette, American Legion Boise state president; and Bobb and Alvin, Boise, are attending the national conference. Oct. 12-15 Hanson and Hays will remain to take part in commanders and adjutants conferences Oct. 14-15. Bernard F. Grant, Emmett, vice chairman of the national council, will meet with that group Oct. 12-15. Douglas T. Kramer, Twin Falls, Idaho member of the Legion's national executive committee will attend sessions of that group Oct. 12-15.

BOISE, Oct. 11—Secretary of State Arnold Williams said today he is advising a Teton county widow that he has done all he can in attempting to get her a refund of \$445 she should have received in 1952. He is telling Mrs. F. E. Penfold, Driggs, that she should contact the office of Atty. Gen. Allan G. Shepard. Mrs. Penfold wrote Williams that she had misplaced the \$445 check, sent her by the Mountain States Telephone and Telegraph company as a refund when a rate increase request was disallowed. Because the check never had been cashed, the money it represented was forfeited to the state under the escheat law.

IDAHO FALLS, Oct. 11—The Idaho Falls city council has taken preliminary steps to annex about 116 acres of land on the west bank of the Snake river in the northern part of the city. Alva C. Harris, city building official, presented a proposal to the council to annex this property, now belonging to Bonville county.

BOISE, Oct. 11—Two state officials arranged a first-hand look yesterday at a state-owned summer home site subdivision, near the mouth of the Snake river. State Land Commissioner O. J. Buxton and State Auditor J. R. Williams traveled to Stanley basin, at the foot of Idaho's Sawtooth mountains, where 44 homesites have been staked out on a tract of state land bordering Salmon river.

POCATELLO, Oct. 11—(A-Bannock county's nursing home, opened in August, is getting a lot of interest from applicants. It can fill. Commissioner Paul Gregersen said finishing touches are being put on landscaping furnishings for the \$425,000 facility. The county commission hopes to expand the home from its present 50 beds, Gregersen said, but not in the immediate future.

POCATELLO, Oct. 11—The J. R. Simpson company said today the contract to build 14, 5-million-dollar anhydrous ammonia plant here has been awarded to the Chemical Construction company, New York. W. Grant Kilbourne, vice president and general manager, said the New York firm is one of the largest chemical construction companies in the United States and has built more than 100 anhydrous ammonia plants throughout the world. Completion of the plant is expected in about 18 months. The ammonia plant will be capable of producing in excess of 160 tons per day of synthetic nitrogen and will be designed so that it can be increased to 250 tons a day, it is said.

POCATELLO, Oct. 11—The Pocatello police department is looking for some more interesting cases with the police department. Chief John D. Perkins is looking especially hard right now, because the department is below its authorized strength. Civil service tests will be given to applicants who are recommended by the department. He has had two applications for the force at present, and the tests can't be given until there are a larger number to take them.

BOISE, Oct. 11—Films depicting Idaho activities continue to be popular in Texas. Louise Shaddock, executive secretary of the department of commerce and development, reported today. She said Idaho films are scheduled for showing at various Texas communities up to May of next year. One elementary school in Stephenville, Tex., she said, has advance bookings for 16 Idaho films.

POCATELLO, Oct. 11—Donald R. Jenkins, 40, Idaho Falls, was placed on two years probation by U.S. District Judge E. J. Tamm yesterday for failure to file an income tax return for five years. The judge sentenced Jenkins to one year prison term on each of five counts, with the terms to run concurrently. This makes the jail terms would be served under early release provisions. Jenkins was charged with failing to file income tax returns between 1957 and 1961. The government said his income in that period ranged from \$2,314 to \$1,153. Jenkins, a farm laborer, pleaded guilty.

COEUR D'ALENE, Oct. 11—Idaho's traffic death toll this year stood at 354 today, the result of the death of a 28-year-old North Idaho woman last night. State police said Mrs. Patricia A. Frye, 20, Post Falls, was injured fatally when the car she was driving struck the rear of a parked logging truck on highway 41 northwest of here.

COTTONWOOD, Oct. 11—Proposals for settlement of a strike at an air force radar station here today were rejected by a union meeting at Lewiston with the two firms involved. Leuit. Col. Louis Zendege said about 22 men walked off the job at the Cottonwood radar station Sept. 20 in a strike called by the Spokane building trades council. Colonel Zendege said one of the contractors working at the site employs union help and the other does not.

BOISE, Oct. 11—More than 100 entries from seven communities in Idaho and four in Utah are expected to compete in a spectacular racing Saturday and Sunday, says Mr. H. Williams, Boise, general chairman. He said the course will be from Jerome to Ketchikan, with the race getting under way at noon Saturday. Cars are timed, Williams said, the 1952 winner, Ron Kerber, has moved from his Lake City home to a private home in Boise this year. The 1951 champ, Roy Alexander, Logan, is entered. Entries are expected from Boise, Emmett, Nampa, Mountain Home, Twin Falls, Riar, Pocatello, Salt Lake City, Ogden, Logan and Brigham City.

Hagerman Hosts Realtors Meet

HAGERMAN, Oct. 11—Hagerman realtors were hosts at the monthly meeting at the North side Realtors hotel Wednesday evening at the Hagerman hotel.

Guest speaker was George Hainey, Twin Falls, who told of his recent trip to the national realtors convention held in Las Vegas. He discussed the realtors tax program presented at the convention.

Harry LeMay, president of the board, was presented a plaque by James Muttler, chairman from the National Realtors board, in appreciation of the work he has done in connection with the national realtors organization. He also received a National Realtors board pin.

Two guests attended from Twin Falls.

Lions Have Talk On Handicapped

Mrs. Cheryl Appel, secretary-treasurer of the Twin Falls Lions club, presented a paper on "The Physically Handicapped" at the monthly meeting of the club, held Wednesday noon at the 2400 Hotel Twin Falls.

Mrs. Appel urged all of the Lions to consider the handicapped people in their efforts to help and not their disabilities. She urged everyone to analyze their job and see if it is the ability of the handicapped person that they need. Her story about the handicapped have above average intelligence and performance records, she added.

Featured

RUPERT, Oct. 11—Minidoka county is featured in the current issue of people Idaho, which is now on the newsstands. The article in the special Centennial edition of the magazine includes a half-page history of the local area and three pictures.

Two outstanding photos in the article show a view of an old homestead which is in the background and the other is a half-page picture of the Rupert homestead which stands in the center of the city square.

Contest Winners Will Be Honored

Two Twin Falls youths, winners of the Employment of the Handicapped poster contest, held in Twin Falls by national action plan for Coeur d'Alene Friday afternoon to attend the fall meeting of the governor's Employment of the Handicapped committee.

Reggie Flourish, 15, 143 Ninth street, and Raymond H. Haggerty, 17, 220 Second street, will be honored, along with other state winners, at a banquet Friday evening at the Hayden Lake Country club and will return to Twin Falls Saturday morning.

BOISE, Oct. 11—Members of the Wendell high school band of the Wendell high school are on their way to attend a 15-year reunion during the summer of 1968 at the conference of the Idaho State Teachers' Association. Gloria Marlow, 724 E. 4th, Boise.

"A ROSE FOR EACH DEFEAT"—the pistol may be used for self destruction as indicated, said the contest. The contest was held in Twin Falls, Idaho, and the prize was a large rose. The contest was held in Twin Falls, Idaho, and the prize was a large rose. The contest was held in Twin Falls, Idaho, and the prize was a large rose.

Remodeling Project Set By Legion

WENDELL, Oct. 11—Members of the American Legion post No. 41 discussed a complete interior remodeling project of the Legion hall located on South Idaho street at their Wednesday evening meeting held at the hall.

Comdr. Clyde Petersen appointed Muncie Mink to determine the cost of materials and labor and report at the November meeting. It was planned that volunteer work from the post membership will be used in the project.

The commander emphasized the importance of members to attend the November meeting at which time final plans for the remodeling will be presented and discussed.

The membership drive for the post is under way and will continue throughout November. The quota for the year is 75 members. All Legionnaires are urged to assist with the membership campaign.

George Benson, who is in charge of the flag program, will collect dues from the merchants, leaving a team of four to be appointed to be in charge of displaying flags on appropriate occasions as a community service.

Arrangements are being made for a suitable Veterans day program for the school Nov. 11. Commander Petersen stated.

Jerome Chamber Holds NRA Plan

JEROME, Oct. 10—Alex Coleman, Idaho National Reclamation association official, announced the national NRA convention at the meeting of the Jerome Chamber of Commerce Wednesday night. The convention will be held Oct. 20-25 at Sun Valley.

Speakers will include Sen. Frank Church and Let Jordan. Panel discussions will be led by Dr. George W. Maxon, professor at the University of Nevada, and Dr. Henry, secretary of the U.S. Northern Colorado Water Conservancy district.

Stewart I. Udall, secretary of the interior, Washington, D. C., will speak Oct. 21 at the morning session. Other speakers include Roy, Robert Smith, Maj. Gen. Jackson Graham, Washington, D. C., Utah Sen. Frank E. Moss; Colo. Sen. Wayne M. Aspinwall; and Dr. Pauling, bureau of reclamation, Washington, D. C., and Dr. W. B. Hanley, president of California College of Medicine, Los Angeles.

Last Rites Held For Mrs. Morris

HELEO, Oct. 11—Funeral services for Mrs. Mary Ann Morris were held at the Heleo Presbyterian church today. The service was held by the Rev. Kenneth Heale. Joyce Fletcher and Lois Heale sang three duets, with JoAnn Wolf as organist.

Burial was held at Heleo cemetery. Flowers were carried by granddaughters, Letta Horne, Hilda Heale, Elaine Friedrich, Dorothy Horne, Mary Smith.

Light Bulb Sale Set for Wendell

WENDELL, Oct. 11—The annual house-to-house canvass of the Wendell high school will be held for the sale of light bulbs by the Wendell high school. The sale will begin at 6:00 p.m. on Oct. 21. The school is asking for \$100.00 for the project.

Evangelistic Services to Be Conducted Here

Evangelistic services will be conducted at 11 a.m. and 8 p.m. Sunday and Oct. 20, and 2 p.m. Monday through Saturday at the Trinity Southern Baptist church, 302 Third avenue north, Twin Falls.

The Rev. Orville Welshon, Dunsmuir, Mo., will be the evangelist. He is married and has three children. He has pastored various churches in southwestern Missouri and served as a missionary for the Nevada association.

The Rev. Welshon will arrive in Twin Falls Friday and will attend the annual association meeting of the Magic Valley Southern Baptist association. His meeting will be held Friday and Saturday in Burley.

Special music will be featured. Louis Dumas is pastor of the Trinity Southern Baptist church.

Mrs. Burke's Last Services Held

WENDELL, Oct. 11—Funeral services for Mrs. Phyllis Burke were conducted at 10 a.m. Wednesday at Hove Memorial chapel, Jerome, by the Rev. Bullock, Nampa.

Mrs. John Bullock played the prelude and postlude and accompanied Keith Johnson, soloist. Floral arrangements were made by Mrs. Helen Craig, Mrs. Connie Ellis, Mrs. Bunnie Meeks, Mrs. Lois Lee and Mrs. Beaz Ellis.

Honorary pallbearers were Joe Moore, Joe Shirley, T. H. Boyd, Henry Giles, Reed Giles and Albert Shirley. Burial was held at the O. A. Jensen, C. L. Meacham, Mil Aldeco, Dale Thomas, Beryl Meeks and Lee McVey.

Last rites were held at the Jerome cemetery.

Now What?

NEWCASTLE, Wyo., Oct. 11—Newcastle residents not only enjoyed an unidentified flying object but they caught it.

Now they don't know what to do with it—and aren't quite sure exactly what they have.

It's an aluminum ball about six feet in diameter with only one identification marking—a number on the side. It is partially filled with helium. Weather bureau officials say it may be a weather observation balloon.

The object has no instrument package and no instructions for disposal. The weather bureau in Cheyenne said from wind stream conditions, the object probably was sent up at Boise, Ida., or central California.

CHURCH TO PRESERVE

SEATTLE, Oct. 11—Sen. Frank Church, D. Ida., will preside at hearings this month on bill closing the rolls of the 4,000-member Colville Confederated Indian tribes.

1st STAR FARMER of America is Robert A. Cummins, 22, Kewanee, N.Y., shown getting a hug from his mother, Mrs. Earl W. Cummins, after getting the award. The award is the honor of the Future Farmers of America, now holding its annual national convocation at Kansas City, Mo. Cummins is a dairy farmer. His program includes 39 producing cows and 26 hedges, with 200 acres of land that is used for growing feed and is provide pasture for the cattle. (AP wirephoto)

T.F. Punt, Pass and Kick Contest Set for Saturday

Hundreds of boys will be participating in the annual punt, pass and kick competition at 9 a.m. Saturday at Harmon park, Chad Browning, Twin Falls city recreation director, said Friday. The contest, open for boys 8 through 11, is sponsored by Union High School District No. 1, and directed by the Twin Falls parks and recreation department and the high school athletic department.

Registration for the event will start at 9 a.m. Saturday at Harmon park. Seven-year-olds may compete if they will be 8 by Dec. 29. All first place winners must furnish proof of age. Browning said.

Each boy entered in the contest will compete against boys in his own age group in a contest of punting, passing, and kicking, using a kicking tee. There is no body contact and no special equipment is needed.

Points are awarded for each foot the ball travels in the air and points deducted for each foot the ball lands to the left or right of the center line. Prizes will be awarded to the top three boys in each age group who have the highest number of points. Prizes include football league warmup jackets for first place winners, football helmets for second place, and autographed footballs for third place winners.

Browning urges all grade school boys between 8 and 11 years, to enter the contest Saturday.

Idaho GOP Chief Raps Demo Head

BOISE, Oct. 11 (AP)—John O. McIntyre, Republican state chairman, said Wednesday Lloyd Walker, Twin Falls, Democratic state chairman, "misled the public as to party finances in the air" during a meeting of the Democratic state central committee.

"Walker and his predecessors," McIntyre said in a statement, "have consistently stated that the Democrats in this state have raised from \$15,000 to \$25,000 and implied that this amount was all they spent to conduct the election."

"The Democrats in 1962 spent more than the Republicans. The only truth in Walker's remarks is that very little of what they spent was raised by the Democrats in Idaho."

"Figures compiled from records in the office of the secretary of the senate and clerk of the house show that unions and COPE alone contributed \$46,000 to Democratic candidates in 1962. This money was withheld from the wages of working men and was not raised by the Democrats. The Democrat party in Idaho is financed by outside money and financed more heavily than the Republican party."

Democratic Chairman Walker stated that Idaho industry should contribute to his party because Democrats are in power. This is the first time I've seen a political party use intimidation as a money raising device. Idaho people are not used to paying tribute and will not be forced into it. McIntyre Walker check the law he will find that corporations cannot contribute to political parties."

Blake was graduated from the Idaho High School and the University of Idaho, Moscow, where he took officers training. He entered the air force in 1958 and has spent two of his five years overseas in Japan, Korea and Thailand.

Car Damaged on Way to Accident

RUPERT, Oct. 11 — Woodrow Gibson, 41, Aequia, was uninjured in a one-car accident one mile north of Aequia on highway 24, as he was going to an accident scene at 2:45 p.m. Thursday.

Gibson reportedly was hurrying to an accident in which his nephew, Dean Gibson, was killed, when he came over a hill and hit his brakes suddenly. His car skidded around and off the road hitting a reflector marker.

Rupert sheriff's officers investigating the accident reported approximately \$100 damage to the 1963 Studebaker Gibson was driving.

Becomes Captain

DECILO, Oct. 11—Mr. and Mrs. Lloyd Blake, Decilo, have been notified their son, 1st Lt. Gary R. Blake, stationed at George Air Force base, Calif., has been commissioned a captain in the air force.

Blake was graduated from the Idaho High School and the University of Idaho, Moscow, where he took officers training. He entered the air force in 1958 and has spent two of his five years overseas in Japan, Korea and Thailand.

International Music Program Is Presented

A capacity crowd at the Otway Junior high school auditorium was treated to an authentic program of Austrian and German music and dance from the Tyrol.

This program was the fifth annual international music program presented by the Twin Falls Federated Music club under the direction of Mrs. Gerald Hageman and Mrs. Owen Wendell.

The stage setting featured a picturesque village square nestled against a backdrop of the snow-capped Alps. The backdrop of the Alps was painted by Mrs. Raul B. Peck, a member of the club. The stage was decorated with Austrian and German folk costumes and a large Christmas tree.

All the performers, wearing colorful Tyrolean costumes, were seated around the stage throughout the performance. The club's director, Mrs. Hageman, presided over the program.

MR. AND MRS. W. C. DAVIS will celebrate their golden wedding anniversary with open house from 3 to 5 p.m. Sunday at the First Christian church. They request no gifts. Mr. and Mrs. Davis were married Oct. 10, 1913, at La Grande, Ore., and moved to Idaho in 1918. They have four children, Robert, Mrs. Charles (Dora) Johnston, Belle; Robert F. Davis, Jerome, and William A. Davis, Stockton, Calif.; 13 grandchildren, three great-grandchildren, two step-grandchildren and four step-great-grandchildren. (Davis photo)

YWCA Board of Directors Has Regular Meet

YWCA board of directors met for the regular business meeting at the YWCA building, Mrs. William L. Williams, president, conducted the meeting.

Devotional services were given by Mrs. Russell Cunningham. Mrs. Ada Powell gave the treasurer's report. A report on the progress and outlook of the YWCA was given by Mrs. Marvin Molynaux.

Mrs. Williams told of the impending visit of Sue Bille, of the YWCA international division, Nov. 4. She will meet with various committees and clubs of the YWCA in addition to speaking at a public luncheon. Her topic will be "World fellowship and the YWCA." Mrs. Williams pointed out Mrs. Irene Melton and Mrs. Elsie Stafford to the nominating committee.

The next YWCA buffet luncheon will be held Oct. 15 at the YWCA. Reservations must be made the day before by calling 733-4384 or 733-4377.

Monthly Card Party Held
So-Journey club members met at the home of Mrs. C. S. Looney for their monthly card party. Co-hostesses were Mrs. Mae McCall and Mrs. L. J. Koutnik.

Pinochle winners are Mrs. Elvin Walker, high; Mrs. Clara Graybill, second; and Mrs. D. O. Walter, Peay, high; Mrs. Harold Wyoff, second, and Mrs. Joyce, low.

Guests were Mrs. J. N. Alna, worth, Mrs. J. R. Richmond, Mrs. Angus Walker and Mrs. Niel Carman.

Richfield Big Sisters Listed
RICHFIELD, Oct. 11—Big sisters and their charges are announced by Mary Chaffield, league president of Richfield high school. Seven senior girls will give assistance to the 11 freshmen girls.

Mrs. Chaffield was assigned Carla Hootenpye and Judy Chapman; Carlos Riley drew Diana Davis and Betty Langston, a sophomore new to the Richfield schools; Janet Armstrong drew Carolyn Powell and Merlene Miller; Doris Wilson, Judy Tewe, Marie Colocoeche, Marylou Lazamia; Elaine Behr, Connie Colocoeche, and Sharon Apgar. The girls will visit with the new girls. Phyllis Flavel and Janice Primrose.

A trash barrel for the football grounds is being painted as a league project. Linda Sanders was elected historian replacing Linda King. Mrs. Ellen Shaffer is faculty adviser.

Come fall, lots of women say they like to bake quick bread for their family. Mrs. T. who feeds her family, sends us her favorite recipe, using milk, orange rind, dates and rolled oats.

"It takes much better the second day, but my kids won't wait for the second day."

DATE MIX BREAD
Makes One Loaf
1 1/2 cups sifted all-purpose flour
1/2 teaspoon baking powder
1/2 teaspoon salt
1 cup firmly-packed brown sugar
1/2 cup shortening
1/2 cup grated orange rind
1/2 cup rolled oats (quick or old-fashioned, uncooked)
1 cup chopped dates

Heat oven to 350 degrees. Mix together flour, baking powder and salt. Add sugar, orange rind, oats, dates and nuts. Add egg, milk and shortening. Mix only until dry ingredients are moistened. Pour batter into greased waxed paper-lined 8x4x2 1/2-inch loaf pan. Bake in preheated oven at 350 degrees about one hour. Turn out on wire rack. Cool before slicing.

Mrs. W. Mink Gives Lesson At Club Meet

HAGERMAN, Oct. 11—A lesson on the use of rare of synthetic fabrics and fibers was given by Mrs. W. Mink, during her home demonstration group at the Valley Home Demonstration club meeting held at the home of Mrs. Paul Fleming.

Mrs. Warren Berry reported on the recent meeting, and stated that the Valley club will be in charge of registration at the Christmas carnival at 10 a.m. Monday. The Gooding Grange hall. The carnival will feature a candy making demonstration, as well as Christmas gift ideas and demonstrations on making the gift items.

Mrs. John Johns, Jr., announced the "Make It Yourself" group district contest will be held Nov. 9 in Gooding. Information on the contest may be obtained from her.

The next meeting is planned Nov. 1 at the home of Mrs. Alan Krwin.

Mrs. D. Julian Conducts DAV Auxiliary Meet
Disabled American Veterans auxiliary Stridley unit No. 5 met at the home of Mrs. D. Julian conducted the business meeting. Mrs. Anthony Federico, chaplain pro tem, gave the prayer. Mrs. Arthur Patterson led the pledge. Mrs. Harold Armstrong was senior vice pro tem.

Mrs. W. C. Bione gave the hospital report. Mrs. Bione was named chairman of the candy sale. She is to order the pound cans of candy to sell for Christmas.

Mrs. T. M. Knight reported on the social meeting at the home of Mrs. E. S. Rayburn. The next meeting will be at 11 a.m. Oct. 22 at the home of Mrs. Dureta Atkinson, 140 Seventh street west. Members are to bring a covered dish and table service. Secret pals will be revealed. New names will be drawn for next year. Any member who will not be able to attend and wants to draw for a name should contact Mrs. Julian, 733-8849.

Plans for a card party and a fashion show were discussed. It will be held Nov. 21. Members voted to send a letter to the county commission asking for a mental health clinic in Twin Falls.

They voted to use the funds from their money making activities to buy utensils and equipment for the parish hall kitchen.

OAO Slates Dinner Dance
Annual fall dinner dance of the OAO club will be held Sunday at the Elks club. Buffet dinner will be served from 5 to 8:30 p.m. with dancing afterward. Ready's dance band will furnish music.

Chairmen are Mr. and Mrs. Joe Clements, assisted by Mr. and Mrs. W. J. Langley, Mr. and Mrs. A. J. Fene, Mr. and Mrs. Howard Allen and Mr. and Mrs. Otto Portner.

Relief Society Reports Meet
ELBA, Oct. 11—Members of the Elba ward Relief society held their first meeting of the fall season at the Relief society hall. Mrs. Arden Wicks, president, was in charge of the meeting.

The theology lesson from the doctrine and covenants was presented by Mrs. Malbourn Barker. Music was under the direction of Mrs. Lovina Tuttle with Mrs. Arlo Lloyd as organist. Prayers were given by Mrs. Ganner Ward and Mrs. Art Ward.

Following the regular meeting a social was held and refreshments served.

LESSON GIVEN
NPHINDALE, Oct. 11—Mrs. Josephine Manning, assisted by Mrs. Glen Loveland, Jr., was in charge of the theology lesson given for Relief society members.

Mrs. Wayne Woodland was in charge of the meeting. Mrs. Edger Christensen gave the visiting teacher's message. Prayers were given by Mrs. Elveth Ellis and Mrs. Lydia Yael.

"SANTA'S WORKSHOP" is the theme of the annual Christmas carnival of ideas program to be held beginning at 10 a.m. Monday at the Gooding Grange hall. Shown making final plans for the carnival are from left, Mrs. Helen Walker, Twin Falls, home service adviser for Idaho Power company; Mrs. Ray Ruby, Wendell, program chairman, and Mrs. William Duggan, Wendell, who will present a program on Christmas customs of Germany. The meeting, which is held annually, is a county wide meeting and is open to the public. The carnival is sponsored by the County Home Demonstration council. (Times-News photo)

Christmas Carnival Set For Monday

GOODING, Oct. 11—"Santa's Workshop" is the theme for the annual Christmas carnival of ideas program to be held Monday at the Gooding Grange hall, beginning at 10 a.m., according to Mrs. William Mink, extension home agent for Gooding county.

The carnival, sponsored by the county home demonstration council, will feature a program which will include information on making Christmas candies by Mrs. Helen Walker, Twin Falls, home service adviser for Idaho Power company, and a talk on Christmas customs in Germany given by Mrs. William Duggan, Wendell. Mrs. Duggan will also include a demonstration of Christmas cookies.

During the afternoon session, each home demonstration unit in the council will present a 15-minute demonstration on Christmas ideas.

The public is invited. Those wanting to do so may bring a sack lunch. The Wendell Home-Mr. and Mrs. Omer Ghok.

Improvement Club Will Provide Punch and Coffee

Other committees include Sage Hens, Gooding decorations; A-1 club, Gooding demonstrations; Valley club of Hagerman, registration, and Merry Homemakers, and Mrs. Ray Ruby, Wendell, program.

Displays will be in place from 10 a.m. to 3 p.m. for anyone wanting to visit the building.

Bridge Clubs Report Meets

SHOSHONE, Oct. 11—Tuesday 12 club met with Mrs. William Trammel. Guests were Mrs. Berrell Williams and Mrs. William Haux. Prizes were won by Mrs. Williams, Mrs. Norval Rutherford and Mrs. Ed Mathison.

Wednesday Bridge club met at the home of Mrs. Nina Murphy. Mrs. W. B. Powell was a guest. Prizes were won by Mrs. E. G. Gooding, Mrs. Hazel Haddock and Mrs. Powell.

Thursday Seven club met at the home of Mrs. Charles Perdic. Awards went to Mrs. Ernest Bousiger, Charles Pendleton and sack lunch. The Wendell Home-Mr. and Mrs. Omer Ghok.

Society Slates Rummage Sale

GLENN'S FERRY, Oct. 11—Mrs. Chester Carpenter, president of Our Lady of Limerick Catholic Altar society, announced the annual rummage sale sponsored by the society will be held in the Koffie Kupp building from 10 a.m. to 5 p.m. Saturday.

Members of the Catholic Altar society will meet at the Pritchard ranch home owned by Mrs. Knox to begin their holiday decor project at 1 p.m. Monday. Mrs. Ernest Pastors, Mrs. O. F. Skum and Mrs. Chester Carpenter will furnish transportation for the members, and nursery care will be provided.

The workshop is the initiation of a novel holiday decoration project and all members are urged to participate.

SON FETED
SHOSHONE, Oct. 11—Darrell Carroway, 4-year-old son of Mr. and Mrs. Ferrell Carroway, was honored on his birthday anniversary with a party. Mrs. Carroway did the cooking and served refreshments.

The next national convention is set in Louisville, Ky.

Local Woman Gives Report On Convention

Mrs. Rose Sinclair, Twin Falls, attended the national convention of American War Mothers in Detroit. Mrs. Sinclair is Idaho state president.

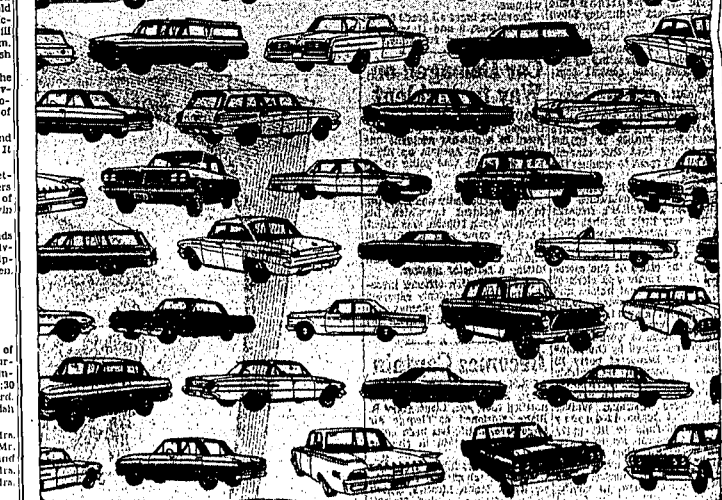

Mrs. Mary Brown, Missoula, was elected president. Mrs. Henry Hohnhorst, Hazelton, elected vice president. She will assume duties of president in two years.

Soda Springs chapter won 125 for placing first and second on carnation posters.

Citation for the mother having the most sons in the service went to the Burley chapter president, Mrs. Ethel Conner. She had nine sons in the service.

VAVS for most hours served went to Mrs. Tullie Buchanan, Mountain Home. Other honors went to Mrs. Hohnhorst and Mrs. Nellie Cochran, Hazelton; Mrs. Alta O'Neil, Mountain Home, and Mrs. Mary Oldham, Nampa.

The next national convention is set in Louisville, Ky.

Best car on the road ... the '64 Fidelity!

... it's not really any different than the others, it has 4 wheels and it's pretty and all that. The big difference is the way you feel when you drive it. NO LONGER will some 1,200 acres of Salmon tract land have to depend on this ditch for irrigation water. The ditch, located some six miles south of Twin Falls, is being replaced by an underground concrete pipeline. It formerly carried water from a small regulating reservoir at the end of the Salmon Falls canal company delivery system. Because of unequal pressure in the ditch, irrigation was, at times, difficult. (Times-News photo)

UNDERGROUND DELIVERY of irrigation water will be possible when men and equipment from the Salmon Falls Canal company complete the laying of a 24-inch concrete pipeline some six miles south of Twin Falls. The project will cost \$5,000 and the company will do the installation. Most of the pipeline will have rubber cemented joints. The soil conservation service is furnishing engineering and technical assistance for the project. (Times-News photo)

Quota Plan To Restrict Meat Imports

WASHINGTON, Oct. 11—A quota plan to limit the export to the United States of foreign beef, veal, lamb, mutton and products is the aim of a bill introduced in congress in late September.

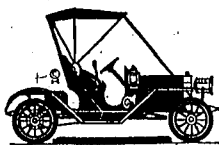

A large proportion of U. S. meat imports is from Australia and New Zealand—the nations which also contribute largely to dairy imports which circumvent quotas, such as frozen cream and colby cheese.

In 1962 the U. S. took 79 per cent of Australia's beef and veal exports and in the last three years over 80 per cent of New Zealand's boneless beef exports. Recent shipments from Australia included about 80 million pounds of beef and 12 million pounds of mutton for August and September arrival; from New Zealand

about 19.5 million pounds of meat shipped in September. Mounting imports of meat are presenting a growing problem to the American livestock industry, stated Sen. Roman L. Hruska, Nebraska, and are "no longer merely a minor irritant."

Domestic prices have been lower than any other September, except one, since price controls on cattle were taken off in 1949, he said.

Salmon Falls Canal Company Begins Pipeline Project to Improve System

Some 1,200 acres of Salmon tract land will benefit from the installation of an 8.4-foot underground pipeline being installed by employees of the Salmon Falls Canal company about six miles south of Twin Falls.

The improvement is located at the end of the run for the canal company. A small regulating reservoir catches the water from the two main feeder canals and irrigation water, in the past, has been fed from this reservoir into a ditch to serve several farms on the end of the canal company delivery system. In the past, the method has proved troublesome because of unequal pressure, high maintenance costs, excessive water loss and trouble concerning the regulation of water.

Canal company officials have, for a number of years, attempted to secure supplemental water from Snake River. It is still the hope of the company to secure this water, but in the meantime all efforts are being made to improve and conserve what water there is on the Salmon tract.

The entire cost of the operation is being absorbed by the canal company and amounts to some \$5,000. Canal company employees and equipment are being pressed into service to complete the pipeline. The soil conservation service is furnishing the technical assistance through the efforts of the Twin Falls soil conservation district.

According to Clarence Hedrick, area conservationist, the project cannot qualify for matching ACP funds. Technical assistance is being rendered in the form of engineering design and construction advice.

"The soil conservation service is vitally interested in the project," said Hedrick. "The project, when completed, could result in some 30 per cent of the water used on the project being saved. An estimated 30 per cent water loss is encountered at this particular point through distribution and the SCB is concerned with the loss."

Hedrick noted the canal company is to be complimented on the efforts and pointed out that each year the company has undertaken small projects to conserve water. The pipeline is by far the largest project undertaken to date.

"Salmon tract farmers and ranchers have long been interested in new methods to conserve water. The tract is fast gaining a national reputation for being one of the outstanding areas where soil and water conservation practices are being carried out, and the benefits are remarkable," he added.

Hedrick said, "Should the tract ever get supplemental water, it could become one of the top crop producing areas in the entire West. Salmon tract farmers have been growing outstanding crops on marginal water. In some cases they are getting comparable yields on half of the water. The construction of the pipeline is further proof of their dedication to soil and water conservation principles."

There are some five major structures involved on the project. These structures will measure and divide the water for the 1200 acres of land in question. The pipeline will insure the delivery of a constant flow of irrigation water with little or no loss. A mile and half of open ditch and canal will be eliminated.

Most of the underground concrete pipe will be either 18 or 24-inch pipe, secured with rubber gasket joints.

"The cost of the pipe alone comes to some \$15,000. Canal company manager Clarence Latta estimates that by doing the work with company machinery and men, further costs can be saved."

"Combined soil and water conservation practices by the farmers and the canal company have resulted in dramatic savings of water," said Hedrick.

Economic Progress of Red China Is Confusing; No Agriculture Statistics

Oct. 11-12, 1963
Twin Falls Times-News 11
be published except those which reflected achievements. Failures were to be reported in secret to communist party leaders.

WASHINGTON, Oct. 11 (AP)—For the past three years, Red China has issued no statistical summaries and has remained virtually silent as to the country's economic progress, or lack of it.

The foreign agricultural services calls this an almost unheard-of situation. The FAO describes this as a basic obstacle to the study of Red China's agriculture.

But even if Red China did provide statistical data, according to FAO, there still would be a question about validity of same.

In this view, FAO is joined by Dr. C. V. Cheng of Selton Hall University, Cheng said in his book, "Communist China's Economy 1949-1962," that official statistics in Red China have been exaggerated to the point of meaninglessness. Cheng emphasized that China could not now provide accurate statistics, even if it wanted to do so, because of the chaotic state of the country.

Cheng said the entire statistical system has become chaotic. Most of the official data published has no relation to reality and is little more than a

numerical game for propaganda purposes.

Cheng gives the history of Red China's statistical collapse into four stages: 1949-54, 1955-57 and 1958-62.

In 1949, when the communists kicked out Chinese landlords and took over the government, they established no statistical network. It was not until 1952 that most of the local governments had statistical services, according to Cheng. State budgets, riddled with contradictions and fabrications, became the most important source of economic information.

Cheng said that in the 1952-54 period, agricultural statistics were largely speculative guesses. Data on agriculture were composed of rough estimates by local governments based, in turn, on guesswork or fabrication. Then again, according to Cheng, most of the statistical workers never had received any special training in statistics.

Cheng said a great stride in statistics was made in the 1955-57 period because it filled in many gaps for previous years. But still the statistical system was not adequate. He quoted a director of the statistical bureau: "We are not even clear about such important agricultural questions as the size of the territorial area, and the amount of cultivated land."

In the 1958-62 period, the big leap forward was of prime interest, Cheng said. The big leap forward was a sort of blind fanaticism in which statistics became propaganda weapons, used to whip up competition in various fields.

When the reports of fantastically high agricultural production began to appear after 1958, the agriculture department frankly said they could not be true.

The reports included such claimed achievements as 50 tons of rice per acre on an acre, the growth of rice during the first month of life into a 330-pound hog.

Cheng said China followed a policy in which no statistics could

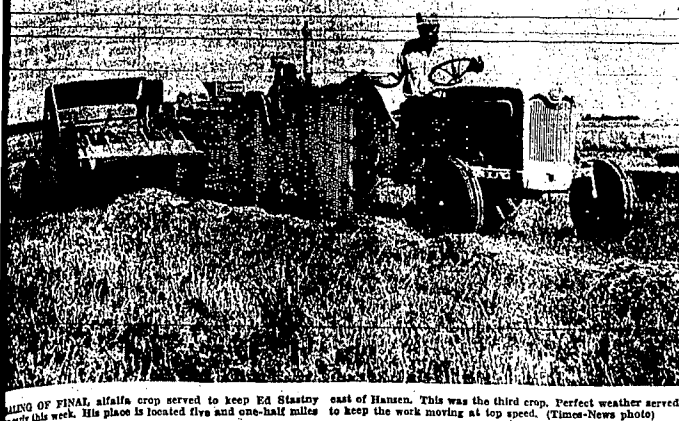

WASHINGTON, Oct. 11 (AP)—A house agriculture subcommittee this week is exploring the controversial issue of new dairy legislation. The committee is not new.

Agriculture department spokesmen have urged the lawmakers to approve a double-barreled dairy bill. One section would authorize voluntary use of a two-price plan in federal milk marketing order milksheds. The second portion would provide government payments to farmers for limiting or reducing production.

The same subcommittee heard testimony by the American Farm Bureau federation which opposes the bill. Farm Bureau officials said the plan would raise government spending without cutting surpluses and that it might lay the groundwork for a future campaign to impose mandatory dairy controls.

and 18. T. F. Dairy Herd Report Lists Production Totals

Dairy cows on production test during the Twin Falls County Dairy Herd Improvement association during September, averaged over 31 pounds of butterfat per cow and over 865 pounds of milk, down a little from August, reports County Agent Donald Youst. The production figures include all cows on test, including dry cows. The September report of testing supervisors Jack McCormick, Buhl, and Virgil V. Crocker, Twin Falls, showed that 2,672 cows were on test, with 2,301 in production, and 371 dry cows.

In large herds of over 50 cows, Calvin Graybeal, Castleford, had the high production average of 41.3 pounds of butterfat, 1,209 pounds of milk, with 61 cows milking of a total of 73. Other large high producing herds with butterfat, milk, total cows, and number in production are: Alvin and Stan Smutny, Twin Falls, 350, 1,123, 79 and 75; Lammer, Buhl, 350, 899, 112 and 98; T. W. Richmond, Buhl, 350, 1,075, 64 and 56; Soren and Gerald Jensen, Buhl, 375, 960, 96 and 88; M. C. Roberts and sons, Buhl, 370, 723, 100 and 84; Carl Harder and son, Buhl, 315, 693, 114 and 100, and whisky and beer might tickle the fancy of Americans.

In the medium size herds of 25-50 cows, Jay Miracle, Buhl, topped the list with 44.9, 1,211, 30 and 30. Other high producing herds are: John Miracle, Buhl, 404, 1,096, 36 and 35; Warren Hart, Buhl, 404, 1,127, 86 and 31; Irvin Ehlers, Twin Falls, 392, 1,129, 46 and 39; Glen Buckendorf, Buhl, 375, 1,082, 28 and 25; Bill Gregory, Filer, 356, 991, 20 and 24; Paul Sigler, Buhl, 350, 1,018, 41 and 38; C. V. Hobson, Buhl, 352, 640, 30 and 27; Ivan Omand, Twin Falls, 351, 914, 28 and 29; D. M. Major, Buhl, 350, 915, 27 and 23; Roger Stafford, Kimberly, 343, 1,009, 39 and 36; Vernon Trauer, Twin Falls, 339, 823, 23 and 22; Walter-Kees, Buhl, 320, 798, 43 and 34; Lyman Engle, Filer, 321, 926, 31 and 24; Martin-Holzman, Buhl, 324, 802, 28 and 24; Everett Weaver, Buhl, 320, 845, 30 and 24; Russell Riggs, Murghart, 319, 856, 32 and 28; Howard Meyers, Buhl, 317, 875, 23 and 29; Grindstaff Dairy, Buhl, 316, 868, 45 and 38; Clyde Wright, Filer, 310, 884, 44 and 37; Dean Smith, Buhl, 309, 583, 27 and 24; and Vernon Lassen, Filer, 300, 897, 38 and 37.

In the small herds, under 25 cows, Jim LaGrone, Castleford, topped the list with 47.9, 1,290, 10

Japanese Cattlemen Give Beef Drinks of Whisky to Make Them Eat Better

OKTO, Oct. 11 (AP)—Japan's cattle have a tipsy life of comfort and right up to the slaughter they get the slaughterhouse to polio-are.

They literally stagger to their slaughter. According to happy on Japanese beer, their yards are filled with daily meals by their devoted owners.

They beer and massages are the loving care lavished on the Japanese farmer in preparing beef on the hoof for

He bled down in a spotless barn and he can look forward each day to a brushdown and a massage.

And when he is ready to meet his executioner, the well-groomed steer is given a final shot to relax him.

It is a complicated and often expensive treatment that only the well-off farmer can afford.

And it reflects in the wholesale price of Kobe and Matsuyama (a nearby district) beef—\$600 a cwt. for 22 pounds, and \$473 for 22 pounds. Wholesale price of top grade beef in Chicago is about \$1.00 for 22 pounds. Kobe beef would likely sell in the United States for 800 yen a kilogram, or \$230 for 22 pounds, agriculture officials say here.

Characteristics of the meat are thin white lines that give a choice piece the appearance of marble.

Because of the price, Japan doesn't expect to put its quality beef in every U. S. restaurant and butcher shop—but it will be available in more expensive places.

They feel its taste alone will overcome objections raised by U. S. cattlemen to the import of Japanese beef.

And the thought of slicing into a steak that was raised on

INVESTIGATE NOW! FOR SALE IDEALLY LOCATED 80 ACRE FARM

This is choice farm land—Located 2 miles east of Washington school on Addison Avenue East or 1 mile east of the city limits. This property has a good dairy barn, outbuildings and corrals. A small family home in good repair. Location is ideal for eventual sub-division or suburban headquarters for farming operations.

31 Counties Enter Idaho Grassman Event for 1963

BOISE, Oct. 11 (AP)—Candidates for Idaho Grassman of 1963 have been selected by 31 counties. The winner will be named at the annual meeting of the Idaho Grassman Association, Oct. 12, at the state capitol building.

USDA Crop Estimates Are Issued

WASHINGTON, Oct. 11 (AP)—The agriculture department today announced the 1963 crop estimates for grain. This compares with the September record-high estimate of 3,328,720,000 bushels. The 1963 estimate is 3,343,615,000 bushels.

The all wheat crop was estimated at 1,131,010,000 bushels, or 100,000 more than the 1962 estimate of 1,031,010,000 bushels.

The current all-wheat crop is estimated at 1,092,520,000 bushels, or 100,000 more than the 1962 estimate of 992,520,000 bushels.

The corn yield was estimated at 111 bushels in 1963, or 1 bushel more than the 1962 estimate of 110 bushels.

The all-crop yield was estimated at 25.1 bushels per acre, or 0.1 bushel more than the 1962 estimate of 25.0 bushels per acre.

The commercial apple crop was estimated at 121,685,000 bushels, or 100,000 more than the 1962 estimate of 121,585,000 bushels.

REPORTEDLY THE WORLD'S most powerful general purpose tractor is the new 110 gross engine horsepower McCormick Farmall 808 tractor introduced by International Harvester company for high speed farming. Designed for maximum pulling power at higher speeds, the tractor offers multi-range power, hydraulic power steering, hydraulic power brakes, power shift, independent power take-off, power shift torque amplifier, Gordon bar draft control, eight-speed gear shift, choice of two-point fast-lift or three-point hitch, two-stage dry-type air cleaner, deluxe cushion seat and three and one-half inch axles.

U.S. Wheat Exports Are Headed for Record, Without Sales to Russia

WASHINGTON, Oct. 11 (AP)—U.S. wheat exports in the current marketing season are headed for a new all-time record, with or without any direct sales to the Soviet Union.

The result will be substantial cut, 250 million bushels or more, in the nation's big wheat surplus.

But prospects for sales in the 1964 marketing year, which begins next summer, are harder to forecast. Government farm officials are hopeful that wheat growers, currently seeding the 1964 winter wheat crop, will expand acreage so far that the surplus would begin rising again.

While no official government estimates of wheat exports are being issued since prospects brightened recently, shipments for the marketing year which began last July 1 are now considered likely to set a new record of 750 million to 800 million bushels, even if the current season's crop is smaller.

But prospects for sales in the 1964 marketing year, which begins next summer, are harder to forecast. Government farm officials are hopeful that wheat growers, currently seeding the 1964 winter wheat crop, will expand acreage so far that the surplus would begin rising again.

Where does that leave wheat farmers as they move into the 1964 growing season? Total domestic and export wheat sales in the current marketing season will far exceed the size of the 1963 crop, thus reducing the government-held surplus from about 12 billion bushels last July 1 to 650 million bushels or below when the 1964-crop marketing season opens next summer.

This surplus would still be well above the level of about 600 million bushels considered by many officials to be a safe reserve.

In this situation, farmers price next year's crop would depend heavily on whether production was held in close balance with demand in the 1964 marketing season.

Government experts are making no firm predictions of the size of next year's demand, but they point out that this year's big export prospects are based on a combination of two factors—the Soviet Union's crop

failures which made Russia an importer instead of an exporter, and a substantial crop in western Europe. If crop conditions improve in Europe and Russia in 1964, export demand could drop.

In any case, few experts in or out of government believe that there will be a market for more wheat than the U.S. farmers can normally be expected to produce on about 55 million planted acres, or a slightly higher total. This would allow a moderate expansion from 1963 planted acreage of 53.2 million acres.

U.S. wheat exports in the current marketing season are headed for a new all-time record, with or without any direct sales to the Soviet Union.

Program to Donate Butter Overseas Has Difficulties

WASHINGTON, Oct. 11 (AP)—The "Scrub" administration's program to donate surplus butter to charitable agencies for distribution overseas.

Senate Democratic Whip Hubert H. Humphrey, D. Minn., is presiding administration farm officials to expedite the program to donate surplus butter to charitable agencies for distribution overseas.

Until this past summer the agriculture department had been purchasing surplus butter for donation to charity overseas.

By mid-1963, however, agriculture department officials decided they would have to change their policy. The government had large stocks of surplus butter which it had been forced to purchase under the dairy price support program.

One factor in farmer's plans is a section in the basic wheat law which provides that producers who exceed their quota will have the allotments reduced after a lag of a year.

Overplanting for 1964 thus could mean a cut of 25 percent in a farmer's allotment in 1966.

Efforts to repeal this clause or to write other new wheat legislation for the 1964 crop have so far produced no results.

If nothing further is done, domestic wheat market prices will slide after next spring because of the reduced surplus level.

How far the drop goes will depend on the size of the 1964 crop, the state of world market prices, and future government policies on sales of government-owned wheat.

Efforts to repeal this clause or to write other new wheat legislation for the 1964 crop have so far produced no results.

Net Worth of Cooperatives May Increase

WASHINGTON, Oct. 11 (AP)—Farmers' cooperatives may be a five billion dollar business by the end of this year.

Agriculture department estimates that at the beginning of 1963, the net worth of farm co-ops was 4.8 billion dollars.

That represented a six percent increase over the net worth for one year earlier, about equal to the average increase for most recent years.

At the end of the year will be over the five-billion-dollar mark.

The department said the net worth of rural electric co-ops during 1962 rose by about 12 percent while production credit associations reported an average growth of 10 percent.

Co-ops which buy and market farm crops and supplies reported an average gain in their net worth of about five percent last year.

Acquisition officials concede that soybean oil stocks in this country are high—currently about 800 million pounds in reserve.

They say they hope to keep that stock from getting any bigger by stepped up efforts to sell the oil abroad for dollars or foreign currency.

Humphrey, however, says many foreign areas which had been accepting donated vegetable oil cannot use butter. He says the surplus of soybean oil has forced up prices of soybean meal, and this should concern all farmers who use the meal to produce livestock and poultry.

The oil and meal prices are related because if oil prices drop, processors must recover more from the meal to maintain their returns.

15 HEAD OF SPRINGERS IN THIS HERD.

STARTING AT 12 NOON LUNCH ON GROUNDS. Located 5 miles South and 2 miles West of Gooding, Idaho, or 5 miles North and 2 West of Wendell, Idaho.

This Herd is on DHIA Test with 509 lbs. Butterfat Average per cow for the ENTIRE Herd.

Ring, Holstein cow, 4 yrs. old, springing, out of H-10 bull, 293 days—225 lbs. of fat.

Sue, Holstein cow, 4 yrs. old, springing, out of H-26 bull, 304 days—500 lbs. of fat.

Heuse, Holstein cow, aged cow, 3rd generation, 287 days—362 lbs. of fat.

Mary, Holstein cow, 4 yrs. old, out of H-21 bull, 297 days—445 lbs. of fat.

Jane, Holstein cow, aged, just fresh, 294 days—436 lbs. of fat.

Trudy, Holstein cow, 3 yrs. old, milking, 279 days—416 lbs. of fat.

Sue, Holstein cow, 5 yrs. old, milking, 297 days—436 lbs. of fat.

Lady, Registered Holstein, 4 yrs. old, out of H-10 bull, milking 277 days—423 lbs. of fat.

Polk, Holstein cow, 4 yrs. old, springing, out of H-10 bull, 311 days—527 lbs. of fat.

Key, Holstein cow, 3 yrs. old, just fresh, 355 days—526 lbs. of fat.

Diana, Holstein cow, 4 yrs. old, registered 335 days—571 lbs. of fat.

Clara, Holstein cow, 3 yrs. old, Cache Valley breeding, 304 days—512 lbs. of fat.

Spide, Holstein cow, 3 yrs. old, ABS breeding, 311 days—532 lbs. of fat.

Deloy, Holstein cow, 4 yrs. old, ABS breeding, 307 days—491 lbs. of fat.

Elke, Registered Hol, 307 days—491 lbs. of fat.

Belle, Holstein cow, 3 yrs. old, milking, 303 days—534 lbs. of fat.

Beatty, Holstein cow, 3 yrs. old, Cache Valley breeding, 258 days—402 lbs. of fat.

Lucy, Holstein cow, 3 yrs. old, ABS breeding, 304 days—512 lbs. of fat.

Days—576 lbs. of fat, heavy springer, 284 days—576 lbs. of fat.

Doll, Holstein cow, 3 yrs. old, Cache Valley H-10 bull, just fresh, 270 days—376 lbs. of fat.

Jerry, Holstein cow, 3 yrs. old, heavy springer, ABS breeding, 272 days—508 lbs. of fat.

Dolly, Holstein cow, 3 yrs. old, springing, ABS breeding, 351 days—519 lbs. of fat.

High Pockets, Holstein cow, 3 yrs. old, springing, out of H-10 bull, 293 days—225 lbs. of fat.

Sadie, Holstein cow, 4 yrs. old, heavy springer, ABS breeding, 273 days—441 lbs. of fat.

Arrow, Holstein cow, 3 yrs. old, heavy springer, out of Cache Valley H-10 bull, 253 days—415 lbs. of fat.

Nali, Holstein cow, 3 yrs. old, ABS breeding, milking, 235 days—315 lbs. of fat.

Ball, Holstein cow, 4 yrs. old, milking, 178 days, 276 lbs. of fat.

Pat, Holstein cow, 2 1/2 yrs. old, out of H-21 bull, just fresh, no record.

Goodie, Holstein cow, 2 yrs. old, just fresh, no record.

Mary Lou, Holstein cow, 3 yrs. old, milking, nurse cow.

THE FOLLOWING ARE ALL AYRSHIRE COWS: Sassy-Ayrshire cow, 4 yrs. old, milking, 275 days—555 lbs. of fat.

Pony, Ayrshire cow, 4 yrs. old, milking, 309 days—441 lbs. of fat.

Stella, Ayrshire cow, 4 yrs. old, milking, 323 days—441 lbs. of fat.

Stella, Ayrshire cow, 3 yrs. old, springing, 310 days—621 lbs. of fat.

Jane, Ayrshire cow, 3 yrs. old, milking, 308 days—442 lbs. of fat.

Fratty, Ayrshire cow, 3 yrs. old, milking, 305 days—420 lbs. of fat.

Veronica, Ayrshire cow, 3 yrs. old, heavy springer, 276 days—406 lbs. of fat.

Ada, Ayrshire cow, 3 yrs. old, just fresh, 203 days—343 lbs. of fat.

Maude, Ayrshire cow, 3 yrs. old, springing, 309 days—442 lbs. of fat.

Goat, Ayrshire cow, 3 yrs. old, springing, Cache Valley breeding, 297 days—468 lbs. of fat.

Freckles, Ayrshire cow, 3 yrs. old, springing, no record.

11 Holstein heifers from 1 yr. to 20 months old, 3 of these just bred.

4 Ayrshire heifers from 1 yr. to 20 months old, 2 of these bred.

7 Holstein heifers from 2 to 6 months old, 1 of these registered.

2 Ayrshire heifer calves from 2 to 6 months old, 1 of these registered.

4 Holstein heifer calves from 1 week to 1 month old.

This entire herd calved vaccinated. Entire herd bred artificially. Breeding records will be given day of sale. Leading calves at ranch.

MILKING EQUIPMENT. 13 Dutch Balch milking machine, only used 3 months.

1 600 gal. Creamery Package milk tank, nearly new.

AUCTIONEER'S NOTE:—Holstein has an outstanding young dairy herd with a very high butterfat average for the entire herd. All good outcross cows, wellbred for. Most of this Holstein herd are heavy and ABS bulls. We are sure your inspection of this herd at any time prior to sale date. Come see them milked and check the records.

ATTENTION DAIRYMEN AND MILK COW BUYERS — There is no junk wagon or machinery on this sale. Come early as this is strictly a dairy sale.

LATE AFTERNOON sun crosses path of combine outfit at work on the Robert Emerson place, north of Kimberly. The equipment is owned and operated by William Walker, Hansen, custom harvester. Bean harvest over the district was well under way by late this week and yields were reported good. Farmers were rushing harvest after a late start because of unfavorable weather earlier in the year which delayed growth. (Times-News photo)

BEANS ARE DUMPED into waiting truck from bean combine. The truck transports them to the nearby warehouse. This picture was taken while harvest was going on at the Robert Emerson property north of Kimberly. (Times-News photo)

1963 Assets Of Farmers Hit New Mark

WASHINGTON, Oct. 11 (AP)—Agriculture department economists report that the total assets of American farmers rose to a record high of \$115 billion this year.

The assets figure is estimated for Jan. 1, 1963. It represents an increase of \$5 billion dollars over the assets of American agriculture on the same date in 1962.

This was the ninth consecutive year in which farm assets have risen. "The agriculture department says most of the increase has been accounted for by the steadily rising value of farm land."

Between 1954 and 1963, the value of all farm assets, including land, rose more than one-third. Government economists point out that the increase came in spite of the fact that the net farm income last year was only three per cent above the 1954 figure.

The agriculture department's report on the balance sheet of American agriculture for 1962 also points out that farm debt rose sharply last year.

At the beginning of 1963, farmers owed \$9.3 billion dollars, up \$2.8 billion dollars from one year earlier. But farmers' total assets rose faster than new debts. The result was another increase in the total equity of farmers.

crease in the total equities farmers hold in their properties. One reason for the fact that farmers' use of credit rose sharply last year was the continuing shift to farm consolidations—the move to fewer and larger farms, with more credit needed for land mortgages and equipment.

The decline in the number of people on farms also has produced substantial increases recently in the amount of capital invested for each farm worker.

As of last Jan. 1, there was about \$25,000 in farm assets behind each farm worker, about double the figure reported in 1955.

Harvest Is Over For Area Beans

Only a small portion of the bean crop remains to be harvested in the Magic Valley area. Some dealers estimate that as little as five per cent of the crop still is in the fields.

Dealers estimate this year's crop exceeds previous years. The harvesting conditions were nearly ideal, as September came and left with no trace of frost. The needed growing time materialized.

With prices up somewhat, bean dealers are expecting a better than average year for Magic Valley beans.

NO HORSE MEAT EATEN

WASHINGTON, Oct. 11—Less meat per capita is eaten in the U.S. than in New Zealand, Australia, Uruguay and the Argentine. But at 164 pounds per person in 1962, the U.S. was well ahead of the other 10 largest meat consuming nations. Nor did its totals include horse meat, as in eight European countries.

USDA Raps Proposal on Pesticides

WASHINGTON, Oct. 11—Joint authority to the food and drug administration with the U. S. department of agriculture in the registration of all pesticides for interstate sale was opposed by the department at a senate agriculture subcommittee hearing Sept. 10.

The bill under consideration would end "protest registration" under which a pesticide can be marketed despite USDA doubts as to its effectiveness or safety. In the meantime the department moved to tighten regulations on labeling and registration of pesticides. Revised rules were proposed to eliminate from labels such terms as "safe," "non-toxic," and "harmless."

New testing procedures also were proposed to determine the toxicity of pesticides, with provision for refusing registration of a

County Mouse Population Could Expand, Says Agent

Farmers should keep close watch for a buildup in the mouse population, says Twin Falls County Agent Donald Youst. Damage to trees, new alfalfa seedling, fall grain and ditch banks can be serious during the fall and winter months, says Youst.

Northside farmers have suffered serious damage to crops from mice all summer and have been treating their fields with poison grain to protect their crops. Twin Falls county farmers have been more fortunate, but a recent buildup in mice population has been noticed, says the county agent.

J. Owen Ellis, district supervisor, fish and wildlife service, noted that this buildup could be attributed to recent mild winters with ample available feed and cover. He said that mice breed from March through November and that sufficient time remains for a continued buildup in population this fall. Ellis further noted that the reproduction potential is tremendous and that mice average a litter of four to five young each 21 days, and that during peak population cycles young mice begin to breed at 15 days of age.

Both Ellis and Youst urged farmers to keep a close lookout and said that if a buildup in population is discovered, that immediate steps should be taken for control. Hand spreading of poison grain is recommended, however

In some of the north side counties aerial distribution of grain was used. Since mice feed under cover of grass, weeds and crops, poison grain should be spread in these areas. Good cultivation is also a very important technique against damage by mice. This practice eliminates the cover which is necessary for mice. Poison grain is available at all county agents' offices.

Record Total of Seed Harvested

BOISE, Oct. 11—This year's crop of white clover seed in Idaho is forecast at 5,610,000 pounds, according to the crop reporting service. A crop of this size is the largest of record dating back to 1940. It is more than double the 1962 crop of 2,468,000 pounds and 58 per cent above the 1957-61 average.

The acreage for harvest this year is estimated a record high 22,000 acres which is up sharply from last year despite winter losses. Yields were above average.

Crop Can Depend On Plant Food

The proper balance of plant food for growing any crop is essential to produce top yields, said Glen Genn, Twin Falls county agricultural agent.

He continued: "Any time a plant food element becomes deficient during the growing season that element becomes the control factor for the yield."

If it is determined that a crop should have applied fertilizer, the amount of 120 pounds of nitrogen and a 100 pounds of phosphorus and for example, the phosphorus is applied while the nitrogen is omitted, one can expect far less than top yields.

Some farmers are making no profit because they apply phosphorus one year and nitrogen the next, Genn said.

There is an easy way to determine the proper plant nutrient balance. All it takes is a soil test for each field or area in question.

LEGISLATION NEEDED

WASHINGTON, Oct. 11 (AP)—Representative W. R. Foster, D-Tex., said the agriculture department's latest cotton crop report should make it clear that new cotton legislation is badly needed.

New Shell Heating Oil

customers receive anti-rust treatment for their oil storage tanks at no extra cost

WITH YOUR FIRST DELIVERY of Shell Heating Oil, we give your storage tank a free Sonitor® anti-rust treatment.

One application of this Shell developed product helps guard your storage tank against rust for three full years.

And we repeat the treatment periodically—at no cost to you, ever. A free service.

All our customers receive this Sonitor treatment—proved effective in over one million homes.

This is just one of our many services designed to improve your heating and lower your costs. Call us today for details.

Special additive in today's Shell Heating Oil helps give more warmth per gallon, top heating performance

There's a new additive in today's Shell Heating Oil. Called FOA-6X®, this Shell product works round the clock to protect your fuel system—from storage tank to burner head.

FOA-6X helps reduce build-up of bent-robbing deposits that can collect in critical areas of your burner. It lets Shell Heating Oil burn in a radiant, even flame. It helps reduce service calls and expense. The result: more warmth per gallon of fuel—top heating performance at minimum cost.

Before you buy your next gallon of heating oil, call us. We will give you complete details about Shell Heating Oil with FOA-6X and about our services.

Mets Didn't Get Much Help From Special Draft

CINCINNATI, Oct. 11 (AP) — "We didn't expect much," said President George Weiss of the New York Mets, and that's about what he found in the National League plan to "prop up the poor." But general manager Paul Richards apparently felt that Weiss had beaten him to what little there was in the draft bag. Those were the snap reactions of the two executives whose teams took the draft plan.

Bruin Sophs Nip Pocatello By 33 to 13

The first football game to be played at the new Twin Falls high school stadium saw the Twin Falls sophomores defeat the Pocatello sophomores 33-13 Thursday night.

Twin Falls scored first in the first quarter on a seven-yard run by Joe Hoyer and the extra point was kicked by Gary Rasmussen. Pocatello came back in the second quarter with a 42-yard run by David Wagon and an extra point plunge over the line by Mike Scott to tie the game 7-7 at halftime.

In the second half Hoyer made the first touchdown on a two-yard run and Rasmussen kicked the extra point. Four plays after the kickoff Pocatello punted and three plays later Hoyer scored again on a 35-yard run. Pocatello came back with a 60-yard run by Wagon. Both teams failed in twin point attempts.

Twin Falls scored the last two touchdowns in the fourth quarter, one on a two-yard run by Terry McCondeless and the other on a 48-yard run by Reed Williams. Rasmussen kicked one extra point.

The sophomore game was the first game to be played at the field but the field will not be dedicated until the varsity plays its first game there.

Hockey Test Is Set For Tonight

SAN FRANCISCO, Oct. 11 (AP) — Los Angeles provides the first test for San Francisco's defending Western Hockey League champions tonight, with each club boasting more scoring potential than a year ago.

Starting from line for the Seals in their Cow Palace opener has Cliff Pennington at center, Nick Micko at left wing and Duke Edmondson at right wing. "I believe this trio will score more points than any other line in the league," coach Bud Poite declared.

SPECIAL RESTOCKING draft in the National League Thursday sent Milwaukee pitcher Claude Raymond, left, to the Houston Colt .45s while the New York Mets received Billy Haas, Los Angeles infielder, center, and Mike Fisher, San Francisco pitcher, right. The Mets and Colts drafted them for \$20,000 each from a pool of players made up from the league's eight other and stranger teams. (AP wirephoto)

CANANDAIGUA, N. Y., Oct. 11 (AP) — The twin double at Finger Lakes race track paid \$9,858.90 to one untitled ticket holder Thursday.

No Liston Fight Planned This Year

PHILADELPHIA, Oct. 11 (AP) — Sonny Liston's adviser denied Thursday night that the heavyweight champion would defend his title before the end of the year. "There's nothing to it," said Jack Nilon. "There will be no fight with Terrell. There will be no fight, period."

Liston's adviser had those sharp words in response to a broadcast made by Al West, sports director of station WFLI in New Orleans. West said Liston's managers are in the process of negotiating for a fight before the end of the year with ranking contender Emile Roy Terrell of Chicago. He quoted his informant as saying the most likely site was Chicago but that promoters were trying to get Liston's New York state license restored and hold the bout in New York City. Las Vegas was listed as another alternate, Webster said. Terrell, a 6-foot, 8-inch slugger from Chicago, recently defeated Zora Foley in a Madison square garden fight.

Third Straight 70 Round Shot

OCEAN SPRINGS, Miss., Oct. 11 (AP) — Chunky Joe Campbell fired his third straight round of 70 Thursday to post a two-stroke victory in the \$2,500 Southeastern PGA tournament. The 27-year-old Knoxville, Tenn., ace, a regular touring pro, finished six under par for the 54-hole event. He picked up first prize money of \$500.

Boston and Oakland Meet Tonight

BOSTON, Oct. 11 (AP) — The Boston Patriots, re-formed by the return of Babe Parilli, and Oakland each seek to bolster their lagging American Football League fortunes at Fenway park tonight.

Parilli, the Patriots' regular quarterback, has seen only limited action since his right shoulder was hurt at San Diego four weeks ago. He says he's "very close to 100 per cent" now. Runner-up to New York in the eastern division, the Patriots nevertheless have lost two straight and have a 2-3 record. Oakland got off to a fine start but has lost three straight and scored only 21 points in that span.

Navy-SMU, Oklahoma-Texas Games Keep Cotton Bowl Busy

By The Associated Press

Roger Staubach and his Navy teammates fire the opening blast in a double-barraged college football program at Dallas to night, going against the Southern Methodist Mustangs in the Cotton Bowl.

A few hours later, Saturday afternoon, Oklahoma and Texas, ranked 12 in the nation, clash on the field (first time in history that three of the top four college teams in the nation have performed in the same event on the same week-end).

Navy is unbeaten and ranked fourth in the nation largely through the efforts of the booky, talented Staubach, who leads the country's major colleges in dividing total offense and passing.

But he could have his work cut out for him against the quick, set Air Force and Terry Stapp. Staubach, however, has been misapprehensible so far this season. For two weeks in a row, he has completed 13 of 15 passes for 214 yards and one touchdown. He has also thrown 175 and 180 yards in two games, and has personally thrown 100 yards in two games, and has thrown 100 yards in two games, and has thrown 100 yards in two games.

Owners Post Fees Today For Big Race

NEW YORK, Oct. 11 (AP) — Owners of a dozen or more 2-year-olds will put up \$500 each today to qualify for the 92nd running of the Champagne Stakes Saturday at Aqueduct.

The Champagne is the nation's oldest stakes for juveniles and richest in the history of New York racing.

The probable favorite for the \$125,000-added one mile dash are Roman Brother and Count Bud from the Harbor View farm, and Mr. and Mrs. John J. Ryan's Dunfer.

There is already \$105,050 in the till, and with another \$1,000 for each starter Saturday, the Champagne would gross \$215,150, with \$155,150 for the winner if it parades postward.
